Title: UNIVERSAL PORTABLE ILLUMINATED ARTWORK MODULE

Application 09/878,456

**Revised CLAIMS, in response by Applicant Edgar M. Nash to Office
Action dated 6/21/2007 from Primary Examiner
Cassandra Hope Davis, Art Unit 3611**

**APPLICANT STATES NO NEW MATERIAL WAS INTRODUCED
IN THIS REVISION OF CLAIMS.**

Dear Ms. Davis,

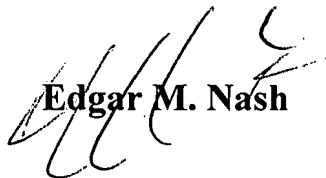

**Claim 28 was confusing, so I have separated it into four individual
features: Claim 28 (currently amended), and New Claims 38, 39 and 40,
all of which reflect only claim matter already established.**

**Claim 31 contained two varying features which I have separated
as: Claim 31 (currently amended), and New Claim 41.**

**New Claim 42 derives from Claim 34 to separate "inert" and
"electrically-conductive".**

**New Claim 43 derives from Claim 25, to clarify and shorten its
provisions.**

Sincerely,

Edgar M. Nash
